Recreation Centre Certified

The paper work involved in setting up the Vulcan and District Recreation Centre has now been completed and it is expected an announcement date for the start of a canvass for artificial ice will be made next week.

Recently, approval of the Recreation Centre's bid for certification under the Societies Act was given and the committee then went on to the technicality of having donations made income tax deductible. Prompt approval was given this detail by income tax officials at Ottawa.

Directorate of the Recreation Centre is as follows: President, Pat Walker; vice-president, John Wolfe; secretary, Virginia Mit-

chell; treasurer, Gordon Brown; committee chairmen, Ross White, Boyd McKay, Frank Wythe, Angelo Murphy. A list of members of the centre will be made up from representatives of local clubs and organizations.

The original objective for this project is over \$50,000 and it is hoped this amount will be over-given and the committee then went on to the technicality of having donations made income tax deductible. Prompt approval was given this detail by income tax officials at Ottawa.

The final preparatory meeting of the Recreation Centre group was slated to be held Wednesday night.

Named Education Chairman At Washington U.

(By Lomond Correspondent)

A former resident of the Armada district, Lloyd B. Urdal, associate professor of education, has been appointed chairman of the Department of Education at Washington State University.

He is the son of Mrs. Hannah Urdal, now of Calgary, and the late John Urdal. Born at Armada, he attended school there and at Camrose. He was a flying instructor with the RCAF during the last war and moved to the States at the end of the war. One brother, Joe, farms at Armada and a second brother, Jack, is postmaster at Vauxhall.

Lloyd Urdal has been a member of the Washington State University faculty since 1955 and before that was an elementary and secondary school teacher and later principal of the Laboratory School at the University of Chicago. He has been active in research into the problem of dropouts from public schools in Washington and has been supported financially in this work by the State Department of Education and other agencies.

He has also been active as a member of the Honors Council, which administers the Honors Program for outstanding students in the University. He is a member of several honorary and professional organizations and is a contributor-consultant to Golden Book Encyclopedia.

E. L. Pasolli Of Champion Dies At Age 70

Evaristo Louis Pasolli of Champion, aged 70 years, died at Vulcan on Monday, October 14, 1963, after a long illness.

Born at Trento, Covedine, Italy, he came to Lethbridge in 1923, to Reid Hill in 1931 and to Champion in 1938, residing there since that time. He was a member of the Italian Lodge and the Moose Lodge of Lethbridge.

Besides his wife he is survived by one daughter, Mrs. Emil (Edith) Englehart of Lethbridge, and three sons, Livio, Tino and Sev, all of Champion; ten grandchildren; one sister, Mrs. Amelia Tocco, in Italy, and two brothers, Aldo, in Italy, and Grocondo, in Argentina.

Prayers were said at the Immaculate Conception Church, Champion, Tuesday evening, and a requiem high mass was celebrated on Wednesday, Oct. 16, at 9:30 a.m.

The Vulcan Funeral Home was in charge of arrangements.

Five New Cubs Invested In Pack

On Monday evening Oct. 7, five new Cubs were invested in the Monday night Pack. They passed their tenderpaw test and are now full-fledged members of the Boy Scout movement. The investiture was conducted by Jerry Wylie, pack leader.

The new Cubs include Pat Wisener, Robin Middleton, John Collier, David Haverty and Calvin Dymart.

The immediate object of Cubbing is the development of a group of small boys into a happy family, playing together in good sportsmanship and learning to "give and take". Through the daily "good turn" the Cubs are taught to think of others. Cubbing prepares the younger candidates for Scouting.

BAND NEWS

(By Lloyd Jones)

The main news event of band interest this week is the forthcoming band concert in the Vulcan Elementary School Auditorium on Saturday, Oct. 26, at 8:15 p.m. Tickets are now available from every member of the County of Vulcan Band.

We suggest you get your ticket early as the capacity of the auditorium is approximately 400 and with the enthusiasm of the ticket sellers, it is expected that the tickets will soon be all sold.

The bands have made excellent progress to date but cannot continue much further without finances. The Milk River High School Band Concert is our first endeavour at fund raising. In addition donations are earnestly solicited. Our first donation came from one of the Vulcan business men in the form of a cheque for \$50.00. Donations may be made to J. Lundy Findlay, secretary-treasurer of the Vulcan County Band Association or any of the officers.

Youth Convention Held At Lethbridge

The Youth Convention of the Pentecostal Churches in Southern Alberta has just concluded in Lethbridge. The Thanksgiving weekend from Friday night to Monday night saw over 200 young people register to take in this convention.

Rev. Donald Cantelon of Red Deer was the main speaker of the convention. Miss Irene Boris, a missionary from Kenya was present on Saturday evening to give a missionary challenge and show slides on her work in Africa. Rev. S. R. Tilton, the Alberta District Superintendent for the Pentecostal Assemblies of Canada, was the speaker Sunday afternoon and on Monday afternoon to describe the progress of the work in the Province of Alberta.

Fourteen churches were represented from the Southern part of the province. Medicine Hat chalked up the greatest number of miles travelled by registered delegates. Rev. N. Labrentz from Pincher Creek and Rev. M. Jenkins from Olds co-chaired at the rallies. The theme of the convention was "Contact."

Nurses Plan Christmas Ball

The October meeting of the A.A.R.N. Chapter 28 was held on Oct. 2, at 8:00 o'clock in the basement of the Anglican Church. Roll call was answered by 18 members.

A letter was read from the High River Chapter of the A.A.R.N. inviting the Vulcan Chapter to attend lectures at 7:30 p.m. on Oct. 29 and 30. Speaker on Oct. 29, will be Dr. Hatfield on "First-aid in Medical Emergencies." On Oct. 30, speakers will be Dr. Higgins and J. Alexander on "Diabetes."

B. McIntyre volunteered to convene the annual Christmas ball and after some discussion named her committees. The nurses were pleased to receive a beautiful doll and wardrobe donated by Mrs. Sansome for raffling.

A. Griswold, reported that Frances McCullum, head nurse of the premature unit at the Galt School of Nursing, would be guest speaker at the November meeting.

At an intermission in the business, Dr. Gibson from Okotoks, accompanied by Dr. M. E. Kozio, gave a very interesting and inspiring lecture on hypnosis.

All That Glitters Isn't Gold

Ken Gatenby pictured above at the right, was measuring length of tails at the Kinsmen Pheasant Derby Saturday night, Oct. 5, and was doing well until he ran into Dan McNiven and Jerry Steiner (with pipe). They must have seen some green color behind Ken's glasses and peddled the story of how their bird, somewhere in his ancestry had been crossed with peacocks, resulting in the record breaking tail feather. Ken wasn't fooled for long. Jerry's get-up suggests something fresh from London's Trafalgar Square and it's probable that if he pulled the trigger on that old blunderbuss he's holding, he'd get blown half way back.

It is thought Dan McNiven shot the pheasant though no pellet marks could be found. There were however signs of wear around one foot leading many to the supposition that the bird might have been tied to a tree on the farm for a few days before start of the season.

Incidentally, Dan and some unknown person were big losers at the Derby. Each departed with the other's hat and Dan's been checking on street corners ever since trying to find someone with oversized headgear.

Winner of a hunting vest for the longest tail feather was B. Welsh whose pheasant tail measured nineteen and three-eighths inches. Paul Guy Belley won a shotgun case for second prize with tail feathers measuring eighteen and seven-eighths inches.

Others entering the contest were L. Kenney, H. Stoddard, J. J.

Price, D. Schuler, M. H. Rhodes and Blaine Middleton, all of Vulcan district and Dave Turner of Calgary.

The Remington shotgun which was offered as a door prize was won by Bill Carvell who is employed on the Bill Burgess farm. Other miscellaneous prizes were awarded during the evening.

Following the viewing of the football game at the Armouries, the buffet styled supper of chiller con carne, ham and salads was enjoyed by a good crowd who stayed to watch the TV viewing of the football game and short program on the stage. Before the evening ended, former NHL star Bert Olmstead was introduced as honored guest personality and many had the opportunity to enjoy meeting him personally.

SCOUT-GUIDE ACTIVITIES

A meeting of the Group Committee of the Vulcan Scout Guide Association was held last Tuesday evening at the Scout-Guide Hall. District Commissioner Kjeld Pedersen of Lomond attended this meeting.

During the meeting it was pointed out that the cost per cub or scout now stands at \$10.42 per year. This does not include such expenses as equipment replacement, express and Scout Hall expenses. This figure of \$10.42 is fixed by the Regional Council and this local Group Committee has no control over it. At present the annual dues paid for each boy is \$1.75. This leaves a deficit of \$8.67 per boy to be made up by the Group Committee. It was felt that this was too great a financial load for this organization. A motion was passed that each Scout and Cub annual dues should be increased to \$5.00 to help defray the cost involved.

Considerable discussion took place with regard to the lack of leaders for all groups in the organization. It was generally felt that although good public support was enjoyed for Scout, Guide projects, it was imperative that a full complement of leaders be found. It would therefore be necessary to appeal to the parents for their help in finding the leaders that are so urgently needed if this good work is to continue.

C.W.L. To Hold Turkey Bingo

The Vulcan Council of the C.W.L. held their regular meeting Thursday evening in the church hall with a good attendance. Father Marien opened with the "League Prayer." Following routine business and convener's reports, plans were discussed for a rummage sale and coffee break to be held in the basement late in October.

It was also decided to hold a turkey bingo late in November or early in December in the Legion. Mrs. A. Murphy, educator convener, chose as her topic, "The Virtues of Faith, Hope and Charity."

Election Date Changed

Four County Councillors To Be Nominated Nov. 2

Electorates of the County of Vulcan No. 2 are reminded through an advertisement in this issue that nominations for councillors will be received by the returning officer at the county office on Saturday, Nov. 2, from three to four o'clock in the afternoon.

An amendment to the Municipal District Act, passed in 1962, changed the time for holding the election of councillors from the spring of the year to the fall. Formerly, councillors were nominated at the Annual Meeting held on the third Saturday in February, with the voting taking place on the third Saturday in March. The new legislation provides that nominations are made on the first Saturday in November, with voting on the first Saturday in December.

The date of the annual meeting remains the same — on the third Saturday in February, which will be February 21, 1964.

Four councillors are to be elected. Terms of councillors in Divisions Three, Five, Six and Eight, expire on January 3, 1964. These are presently represented by councillors Ivan Haga, Arthur Cutforth, A. McAlister and Marshall (Ole) Willard respectively.

Donate Toys To Firemen's Repair Shop

The regular meeting of Reid Hill WI was held Thursday, Oct. 10, at the home of Mrs. Frieda McRoberts, with Mrs. Lorne Healy as assisting hostess.

The punctuality draw was won by Mrs. C. L. Kuykendall. Mrs. J. French, the vice-president presided in the absence of the president, Mrs. C. Love. Mrs. Jack Marshall, secretary, assisted Mrs. French and the treasurer's report was given by Mrs. Kuykendall.

Correspondence was light and dealt with routine matters. A donation of \$10 was voted to the Unitarian Services appeal.

Roll call was answered by 14 members, who turned in broken or used toys, to be sent to the Calgary Fire Department for their annual repair toy-shop.

A splendid paper on Citizenship was presented by Mrs. McRoberts, and much appreciated.

At the close of the business session the meeting was turned over to Mrs. French, who conducted two interesting and original contests. Winners were Mrs. H. Mumbly, Mrs. A. Sales, Mrs. Kuykendall and Mrs. E. Derl.

A delicious hot lunch was served by the hostesses to conclude a most enjoyable afternoon.

MOMENTS TO REMEMBER

It was a very tense scene in the film. The audience sat enthralled. Suddenly the hero slapped the heroine in the face. In the stunned silence which followed, a little voice piped up, "Mommy," it said, "why doesn't she slap him back like you do?"

One Of Better Years

Average Yield of Spring Wheat Estimated 27 Bus.

The beautiful Indian summer weather of this late fall season continues and harvest is pretty well cleaned up except for a little flax yet to be combined.

Although there was a considerable variation in yields over the County area, the farmers in general are well pleased and the fine weather this fall allowed late-sown crops to be harvested without frost damage.

Elevator agents at Vulcan have arrived at the following average yield figures for the district served by their elevators:

Hard Red Spring Wheat, 27 bushels per acre; Durum Wheat, 30; Flax, 17; Barley, 60; Oats, 80; Rye, 18; Rapeseed, 800 lbs.; Mustard, 1,000 lbs.

The one fall rain caused some bleaching and meant the loss of a grade on most crops still out at that time and the incidence of rust in Red Bobs and Reliance wheat cut the yield of these varieties considerably, but otherwise it

Santa's Visit Preceded By Shopping Day

No one knows why and no one dares ask or check records, but somehow a year or two ago, implementation of a motion to change the name of the Vulcan District Board of Trade to Vulcan District Chamber of Commerce, struck a snag and the change was not applied for. For all practical purposes the business group is calling itself Chamber of Commerce from now on and application for change of name is being made.

At the October supper meeting of the Chamber, November 30 was set for the pre-Christmas Shopping Day. This is a switch from previous years when the shopping day and visit of Santa occurred on the same date. Santa's visit will still be made on a Saturday close to Christmas Day but the Chamber is now relieved of its portion of responsibility in connection with Santa's visit and will concentrate on the shopping day. Coinciding with the telecast of the Grey Cup game, one innovation for the shopping day will be the setting up of a TV set in town for the use of those wishing to include the game with their shopping tour.

Also, church groups will be asked to take on a dinner program to help handle the influx of visitors for that day.

Gordon Brown was named to head a committee to encourage promotion of the town as a site for industrial development.

W. W. Clarkson Passes After Long Illness

A well known farmer and resident of the Vulcan district for almost 40 years, William Warren Clarkson died on Sunday, Oct. 13, 1963, following a lengthy illness. He was 77 years of age.

Born at Port Robinson, Welland County, Ontario, he came west in 1907 and homesteaded at Suffield. He moved to the Vulcan district in 1924 and was actively engaged in farming until illness forced his retirement.

Besides his wife, Alma, he is survived by one son, Clayton, of Vulcan; one daughter, Mrs. Donald (Ruth) Woodman, Vulcan; nine grandchildren; one sister, Mrs. C. S. McKay of Calgary; and one brother, M. L. Clarkson of Calgary.

Services were held at the Vulcan United Church on Wednesday, Oct. 16, conducted by Rev. D. A. Sharpe. Interment was in the Vulcan cemetery.

The Vulcan Funeral Home was in charge of arrangements.

CARMANGAY

U.C.W. MEETING

Meeting of the U.C.W. was held on Oct. 4. The scripture lesson on Thanksgiving theme was read by Mabel Hillard.

A letter from Mrs. Frey was read announcing a workshop for the High River Presbytery to be held at Granum on Oct. 10, and at Blackie, Oct. 11. There will also be a retreat held at Banff on Oct. 25, 26 and 27. At their next

meeting the ladies are hoping to obtain a film to be shown.

During the lunch hour a farewell gift was presented to Melvina Roemmele by the president Gladys McGinnis. Mrs. Roemmele was also presented with a gift from the senior choir by Mrs. Burns.

The hostess Mrs. Wynn served a delicious lunch to conclude the afternoon.

SCOUT-CUB GROUP COMMITTEE

The first fall meeting of the Carmangay Group Committee was held on Oct. 10, with a fair attendance of interested persons.

It was reported that the Cub summer camp was very successful and aroused a lot of enthusiasm among the Cubs. A log book was compiled during camp and distributed among the boys attending. Highlight of the year for local Scouts was their attendance at the Jamboree at Sylvan Lake.

Financial reports were read by group secretary Darcy Street and Cub master Josephine Minty. A discussion was held on the new assessment which is set at the regional level of \$6.00 per boy. It was decided by those in attendance that each local Cub would be charged a rate of \$2.00 each and Scouts a rate of \$2.50 each; this will include the "Canadian Boy" magazine.

The fall bottle drive was discussed and will be held sometime in November.

There are 16 Scouts and 12 Cubs and a shortage of leaders exists. Anyone willing to help in this regard would be welcomed.

Next meeting will be held on November 4 and all parents are requested to attend.

CUBS PROMOTED

At a recent meeting four Cubs were promoted to Scouts in an impressive "Going Up" ceremony, the boys being sixer's Lester Durell and Glen Parker. The seconds were Arnold Shumaker and James Fraser.

The Cubs and Scouts participated in several games conducted by pack and troop leaders. For the "Going Up" ceremony a good turnout of parents was on hand.

To conclude the evening, lunch was served by the Carmangay Group Committee Members.

Mrs. Albert Johnson is in Gimli, Manitoba to attend funeral services for her father the late Sigurd Benedictson. Deepest sympathy is extended to all the family.

MOSSLEIGH

Mrs. Thelma Hutton had as her guests her brother and sister-in-law, Mr. and Mrs. Arthur Abercrombie of Richmond Quebec.

Mr. and Mrs. Roy Leslie attended the Eamor-Thurber wedding last Friday.

Mr. and Mrs. Jack Gateman and family of Calgary and Mr. and Mrs. Ed Kehr of Vulcan were Sunday guests of Mrs. Buelah Gateman.

Mr. and Mrs. Wilfred Hagedorn and family spent Sunday with the Carl Litchfield family of Blackie. A very large crowd attended the wedding Dance last Friday for Mr. and Mrs. Wayne Thurber (nee Faye Eamor).

At the Baptismal and Communion services conducted by Rev. Brian Jones of Strathmore, the infant daughter of Mr. and Mrs. Bruce Gateman received the names Sandra Lynn.

Mrs. Viola Bisle, Mrs. Myra Cocks and family of Calgary and Mrs. Harry Neudorf of Cold Lake, Alta were Friday guests of Mrs. John Christie.

Mr. and Mrs. Harvey Jopling visited at the home of Mr. and Mrs. Bill Jopling in Edmonton recently.

Mrs. Emil Englehart and family of Lethbridge visited relatives in the district over the weekend.

Rev. and Mrs. Fyke had as their guests over the past weekend Rev. Fyke's parents from Saskatchewan.

Mr. and Mrs. Gordon Petronech and family spent Sunday at the home of Gordon's parents in Coal-dale.

F. N. Bouzyan returned home after a three-week holiday spent in California and other U.S. points. While in California he attended the World Series Baseball games.

U.C.W. MEETING

The UCW Group No. 2 held their October meeting at the home of Mrs. Don Clifford. There were seven members and two visitors present. Mrs. Allan Buchanan Chairman of the group was in charge of the meeting.

Discussion was held about the coming bazaar on Nov. 9. Mrs. T. Holm volunteered to go on the committee for lunch. Nominations next month at the meeting in the church were brought up and Mrs. Don Clifford volunteered to go on the nominating committee for this group. Rev. Fyke attended the meeting to help with the devotional and study period, which was much enjoyed by all. He has agreed to help the unit until they feel they can carry on by themselves.

The November meeting will be held at the Manse with Mrs. Fyke as hostess, it was decided that the ladies would bring old toys to be sent to the firemen in Calgary to be repaired and given to some of the underprivileged at Christmas. A delicious lunch served by Mrs. Allan Buchanan, brought the evening to a close.

BERRYWATER

Sympathy of the district is extended to Mrs. W. W. Clarkson and family on the passing of Mr. Clarkson of Vulcan on Sunday.

Mr. and Mrs. Jim Lees of Sheridan, Wyoming, were visitors this week at the home of Mr. and Mrs. Bob Gerding.

Mr. and Mrs. Jim McWha of Edmonton were district visitors Sunday and Leslie and Darlene Douglass returned home with them for a few days visit.

Mr. and Mrs. Doug Smith and boys of Kelowna, B.C., were weekend visitors in town and district and celebrated their wedding anniversary at a dinner in Lethbridge. Also attending were Mr. and Mrs. D. B. Smith of Vulcan, Mr. and Mrs. Russel Smith and Mr. and Mrs. Stan Wickstrom and family.

Mr. and Mrs. Ed Richardson and Lynn and Mr. and Mrs. Frank Love attended the Francis-Durston wedding in Calgary on Saturday.

Mr. and Mrs. Jerry Sparks and girls of Calgary were guests Thanksgiving day at the Ed Richardson home.

Mr. and Mrs. John Hoobanoff of Calgary were weekend visitors at the Nick Holokoff home.

Miss Barbara Budd of Calgary visited at the home of her parents, Mr. and Mrs. N. Budd, over the Thanksgiving holiday.

Byron Smith of Kelowna, B.C. spent the weekend at the Stan Wickstrom home.

Several members of the Berrywater local attended the FWUA conference held at Arrowwood last Wednesday and report a most enjoyable day.

A miscellaneous shower was held Saturday afternoon at the Stuart Douglass home in honor of Mrs. Maurice Ditto, nee Florence Jose, by a number of her high school friends, and the bride was the recipient of many lovely gifts.

Four Alberta families have been named as recipients of the 1963 Master Farm Family Award. The Award consists of a plaque to be mounted on the farmstead gate, and a cheque for \$1,000 for the family. This year in Southern Alberta, the family of George Dudley of Magrath was named Master Farm Family. Mr. and Mrs. Dudley are seen in the upper photograph, while in the lower Mr. Dudley examines his sugar beet crop.

BRANT

The October meeting of the Brant United Church Women was held at the manse in Cayley.

Jean Olsen lead the devotional, choosing as her theme, "Weights that keep us from being vital Christians — doing the will of God".

Rev. Wood of the Canadian Bible Society spoke on the work of the Society stressing the importance of the type of literature people are reading for it does affect their thinking. The Brant U.C.W. are taking responsibility for the fall drive for funds to help meet this need.

The U.C.W. voted to handle the "Brant News" as the Brant school has declined to carry on with it. Any news of the Community should be turned in to any member. Roll call was something for which we are thankful.

Mrs. Yvonne Evans and Mrs. Barbara Campbell of Cayley then gave a most interesting and informative talk of the U.C.W. Conference they attended at Red Deer in April.

Plans were then made for the fall bazaar and tea which is to be held on October 30.

It was decided to have the November meeting of the U.C.W. on Thursday, November 21 as the date set for the Brant Church Turkey supper is Wednesday, November 13.

Following the meeting, a delicious lunch was served for which Mrs. Catherine Olsen and Mrs. Dolores Payce were responsible. After lunch, the women were

taken on a tour of the manse.

Mrs. Una Burley, Mrs. Nell Stotts, Mrs. Phyllis McDonald and Mrs. Inez Prater attended the U.C.W. Workshop in Blackie on Oct. 10.

ARMADA

Mr. and Mrs. Raymond Beagle and boys were Sunday visitors at the home of Mr. and Mrs. Leo Herman of Calgary.

Farmers in the district were busy last Tuesday getting their cattle out of the lease. They all enjoyed the turkey dinner which was served by the ladies of the community club.

Mr. and Mrs. Fredrickson of Minnedosa, Manitoba were recent guests at the home of their son-in-law and daughter, Mr. and Mrs. Bill Lucas.

Miss Linda Lucas and a friend of Cluny spent the weekend at the home of her parents.

Rayden Lucas celebrated his 8th birthday last Wednesday, with a few of his little classmates.

Wendy Lucas was an overnight guest of Cathy Loams last week.

A few people attended the shower for Mrs. Mary Crawford who had the misfortune of losing their home by fire recently.

Stamp pad ink in various colors carried in stock at the Advocate.

MISCELLANEOUS SHOWER

A lovely miscellaneous shower for Miss Fay Larsen was held at the Ensign Hall on Wednesday, Oct. 9. The bride-to-be was seated beneath a canopy of pastel colored streamers and bells.

A lovely decorated basket filled with colorful gifts was presented to Fay by Mrs. Jean Lawrence, and assisting in opening the gifts was her sister Mrs. Myrna Chartrand, her mother Mrs. Irene Larsen, her grandmother Mrs. Bill Brown and bridesmaid-to-be Miss Myrna Keeling took care of the signing of the gift book. After the gifts were opened and passed around the hall for everyone to see, Fay graciously thanked everyone for the lovely and useful gifts.

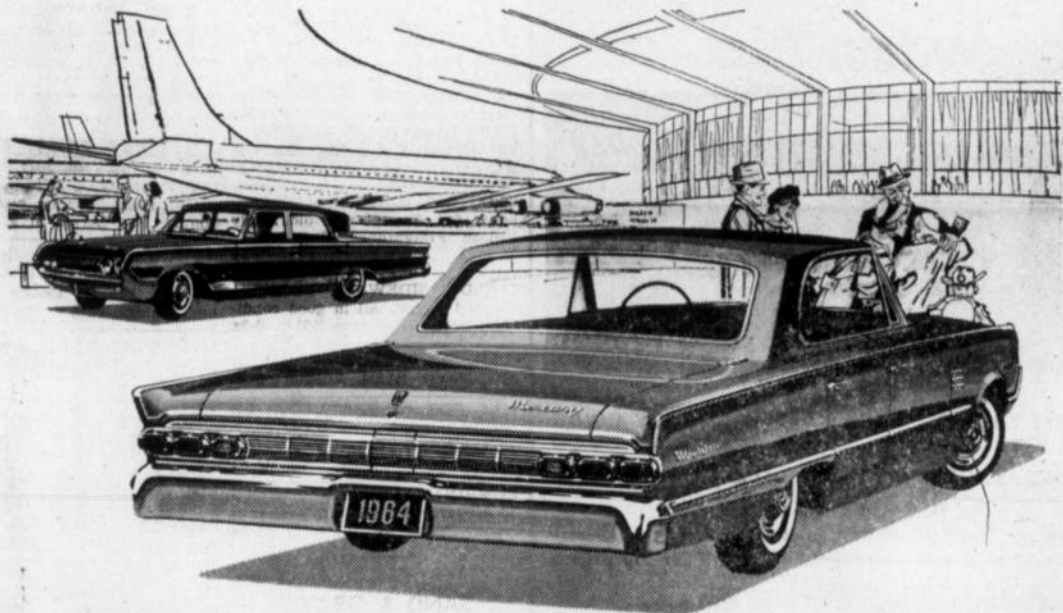

A delicious lunch was served by members of the Ladies' Community Club.

LADIES' COMMUNITY CLUB

The Ensign Ladies' Community Club held their meeting at the hall on Oct. 2, with Mrs. Ollie McFadden in the chair and Mrs. Evelyn McIntyre acting as secretary due to the absence of Mrs. Wilma Edgerton.

It was decided that the club would cater to the Larsen-Madsen wedding on Oct. 26. The surprise box was donated by Mrs. Elsie McFadden and won by Mrs. Ollie McFadden.

A delicious lunch was served by Mrs. Bill Brown.

Most people do something special for their Silver Anniversary. Mercury creates its most luxurious cars in 25 years.

For 1964, all eight Mercurys are special Silver Anniversary cars. Special in the sense that even if you don't intend to buy a car this year — they may make you change your mind.

Mercury offers two rooflines this year. The fastback model in the foreground typifies the spirit of the Montclair Marauder. Mercury's famous Breezeway Roof (the rear window lowers) is available on both the Montclair and the ultra-sophisticated Park Lane, in the background.

These cars are special inside, too. Ostrich-grained vinyls feel like hand-rubbed leather. Box-pleated fabrics are rich and elegant. Bucket seats are of a special shell-type design. Carpeting is deep pile. Doors are finished in walnut-grained panelling and soft suede. The rear seat has a big pull-down arm rest. Even the foot pedals are accented with bright metal.

It takes a big car to give a truly

luxurious ride — that's why Mercury is built on a big 120 inch wheelbase.

Mercury also has a suspension that allows wheel movement backward and forward as well as up and down. You drive the level line of luxury — powered by your choice of big Mercury V8's.

But above everything, there's an intangible something extra that makes the 1964 Mercury a car to remember. It is the anticipation with which you'll look forward to driving it and even seeing parked in front of your home.

Silver Anniversary Mercury for 1964, be sure to see it soon at your Mercury dealer.

'64 MERCURY

Montclair Marauder 4-door hardtop, in foreground. Park Lane 4-door sedan, in background — two of the Ford Family of Fine Cars made in Canada.

Certain features shown or mentioned are optional at extra cost.

High Grades Not Most Important

Parents who are too ambitious for their children often subject the youngsters to extreme pressures, says Ruth Millet of NEA, New York, in a syndicated article.

It starts when a child is in the first grade. And the older he gets, the greater it becomes.

Unless his grades are the highest that can be achieved, the over-ambitious parent shows disappointment. Mom takes herself off to school to berate the teacher. Dad offers the boy a bribe for every top grade mark he can get.

And with every good intention, these parents have blindly started

a potential cheater on his way.

Why do youngsters cheat to attain parental goals? Because children want to please their parents. They need approval almost as much as they need food.

And if all that the parents are interested in are grades, then the youngsters will get the grades somehow—even if they have to cheat to get them.

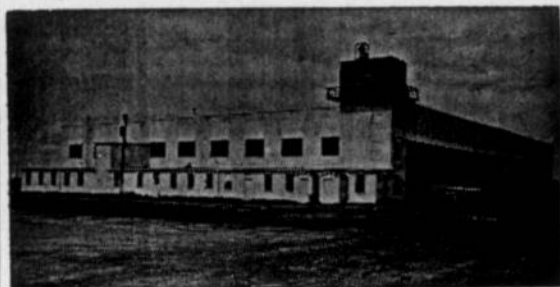

Wiser parents don't push their children into cheating in order to save face at home. They are interested in knowing what junior learned today—not what grades he made for last month's work.

If grades are low they take into account the fact that maybe their child isn't near a genius—even with the bright parents he has. They recognize other accomplishments besides grades.

Is junior gaining in self-reliance? Is he happy in school? Does he remember what he learns—even though he may be slow to learn it? Is he making friends? Is he learning good sportsmanship?

There's so much a child can get out of school besides grades that it is foolish of parents to set such a store by them that a child believes them to be more important than anything—even honesty

HOW TO KEEP SILVER SHINING LONGER

In all housekeeping surveys, cleaning of any kind is high on the list of "dislikes". One of the most tiresome and time consuming of these chores is the constant battle to keep silver free of tarnish. This is an extra job which every woman would like to postpone as long as possible, yet she must polish silver articles frequently if they are to be of any use to her. From time to time products have appeared on the market for which tarnish-retardant claims have been made, but nothing has provided a real solution to the problem.

We have long known that the application of wax (any type except self-polishing) will postpone the formation of tarnish on silver to a degree. However, it was not until the development of a new-type furniture wax which requires no rubbing (called Pride) that a really exciting and definite state-

ment could be made. Tests carried on in the Johnson's Wax laboratories revealed that a silver surface to which Pride had been applied remained free of tarnish three times longer than an unwaxed surface. In this interval it had no cleaning except weekly dusting with a dry cloth. In other words, an article which a fastidious homemaker polishes at least once a month would not have to be polished for three months. Then, when tarnish eventually appears, it is a golden tint rather than a brown coating and is much more easily removed because of the protective wax coating.

It is possible to postpone the formation of tarnish even longer by first applying Pride to silver, then wiping it regularly with a polishing cloth impregnated with a red powdery substance known as Jeweler's rouge. These cloths sell for 50 cents or less and are easily available. Silver treated with Pride more than nine months ago looks as though it has just been polish-

ed, yet the only cleaning it has had during that time has been the weekly dusting with the polishing cloth. Without the preliminary protection of Pride, the use of this special cloth did not eliminate tarnish for more than six weeks.

Pride is safe to use on all silver — it leaves no odor and does not affect the taste of foods or liquids. Of course most people would confine its use to trays, candlesticks, trophies and similar articles. Flatware, such as knives, forks and spoons, does not involve as much of a tarnish problem since it is used and washed frequently. It's a good idea to apply Pride, however, before putting such pieces in storage.

Here's how to prepare your silver: Clean with your favorite polish; wash in warm soapy water; rinse thoroughly and dry well. Fold a clean soft cloth of fine texture, preferably cheesecloth (or flannel) to a pad to fit your hand, and saturate with Pride. Apply a generous film of wax to the entire surface of the article, being careful not to miss any spots. Allow to dry to a haze (about 5 minutes), then wipe off with a soft, dry cloth — preferably flannel. Use cloth wrapped around an old toothbrush to wipe engraved patterns. Simple, isn't it — but what a worksaver!

HOME & SCHOOL ASSOCIATION
The monthly Home and School Association meeting was held on Oct. 9, in the school. The members decided to continue to cater to the Lions' dinners. There was discussion concerning a delegate for the Banff workshop to be held Oct. 22 to 25.

The meeting was told that the president, Ross Ruggles and the secretary, Mrs. Shirley Hendrickson, would attend a meeting in Vulcan of Home and School executives in this region.

Presentation of a gift award to Donna Root, for highest scholastic standing in Grade 9 in the 1962-63 school year, was made by Mrs. Schlaht, president of the Good Will Service Club. A slide show by Queen Scout, Leif Pedersen of his summer trip to the Philmont Scout camp in New Mexico was enthusiastically received by the audience.

Frank Burchak, principal of the Vulcan Elementary School, gave a lecture on the exceptional child, both gifted and retarded. He stated that 12% of all children are exceptional for various reasons. He explained how to recognize these children, various methods of treatment, and special schools available for treatment of the exceptional child.

Lunch was served to bring to a close an enjoyable and informative meeting.

Dirty Furnace Filters will Rob Your Home of Heat this Winter!

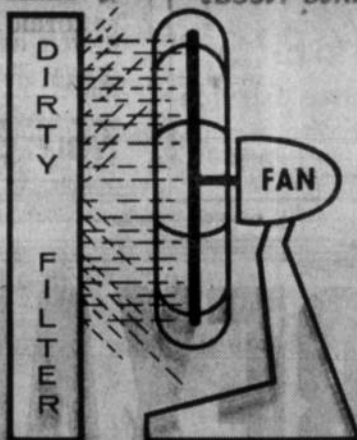

Replace or clean the air filters in your furnace now—for
the heating season ahead! Plugged filters cause loss of
heat and may cause expensive damage to your furnace.

THESE ILLUSTRATIONS SHOW THE IMPORTANCE OF KEEPING FILTERS CLEAN.

CLEAN FILTER

Clean furnace filters function correctly,
allow the free passage of clean, warm air to
heat your home. Your furnace works effi-
ciently, you get the most from the natural
gas you are burning.

DIRTY FILTER

Clogged furnace filters reduce the flow of
warm air. The result: Loss of heat and
possible over-heating of the furnace, which
could cause serious damage, and entail
expensive repairs.

HERE IS YOUR SEVEN-POINT HEATING SYSTEM CHECK LIST

1. MOST FILTERS are of the disposable type. Remove them and you'll find that you can clean them by a good shaking; or use your vacuum cleaner. If they obviously need replacing you can obtain proper-sized filters at hardware or department stores or from your local heating contractor. Permanent-type filters (Metallic Filters) should be cleaned and re-oiled as required.

2. AT LEAST TWICE A YEAR your furnace filters should be checked and cleaned. This can be a "do-it-yourself" project for the average homeowner. If you prefer, call your heating contractor, plumber or furnace serviceman and arrange for a complete heating system check-over.

3. FURNACE MOTOR AND FAN bearings should be lubricated to the manufacturer's instructions.

4. FURNACE VENTS should be free of any blockage and checked for state of repair.

5. REGISTERS should be cleaned of dust and foreign objects.

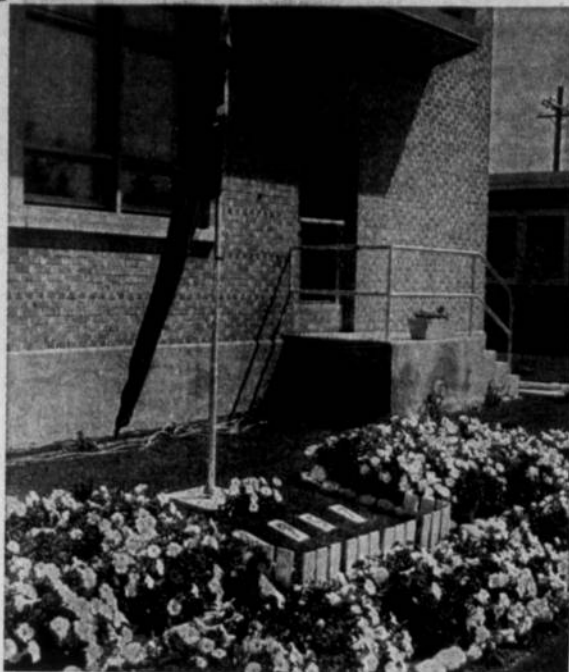

6. LOOSE-FITTING DOORS and windows result in an overall loss of heat. Application of weather stripping will prevent this. But don't turn your house into a "sealed box". Some fresh air inlets are important to health and safety.

7. FURNITURE should be placed so that hot or cold air registers are not obstructed.

Closing Of Branch Lines Would Hit 1,123 Elevators

Railway branch line abandonment in western Canada may result in the disappearance of about 4,482 miles of railway on which are located 519 points with 1,123 country elevators. This represents about 21.4 per cent of all country elevators in the prairie provinces.

These assumptions were made by Bruno Lagace an agricultural economist from Winnipeg, in a paper presented at the annual meeting of the Canadian Economics Society in Banff a short time ago.

Lines Mr. Lagace considered in arriving at his estimate of abandonment include those already abandoned since 1960; those for which applications of abandonment have already been made; spur lines which are considered by the railways to be a heavy financial burden and lines which are duplicating each other because of close proximity.

In his presentation Mr. Lagace calculated that on the basis of the assumed abandonment, the Wheat Pools would lose a total of 599 country elevators—112 in Alberta,

319 in Saskatchewan and 98 in Manitoba—or 24.5 per cent of their total.

Mr. Lagace listed five factors which in his view would determine the amount of rebuilding that would take place to compensate for the elevators that were eliminated. (1) The volume of grain already being handled by elevators at adjacent points in relation to their capacity; (2) The degree to which storage space is being strained; (3) The policy of grain handling firms regarding service to farmers and maximization of profits; (4) The policy of the Board of Grain Commissioners in regard to the setting of storage and handling charges; (5) The policy of the government in regard to the "satisfactory" level of onfarm and on-track storage.

He points out that compared with Manitoba, both Saskatchewan and Alberta are now overbuilt as assumed abandonment, the Wheat Pools would lose a total of 599 country elevators—112 in Alberta, years shows that Manitoba has 3.6

bushels of space on track per specified acre, while Saskatchewan has 3.7 and Alberta 4.5.

Mr. Lagace states: "Policies of farm groups, elevator firms and various government agencies as well as the government itself have a definite role to play in influencing the decision to be taken on abandonment and the amount of

reconstruction that will be undertaken once abandonment has taken place."

"In regard to reconstruction, farm groups are particularly concerned with the loss of capital investment in their elevators (Pool elevators) because of abandonment and want guarantees from governments that they will be compensated so that they can rebuild."

Mr. Lagace in his conclusion stated: "When one considers that of 366 million bushels of country elevators capacity, 68 million could be removed causing some 53 million bushels of grain to back up on farms one recognizes the possibility of formidable hardships to individual farmers."

JUNIOR CITIZEN AWARD WINNER

MARLENE HERNBERG

BRETON, ALBERTA

Imagine the terror of a twelve year old girl, awakened in the early morning by her mother's muffled cry for help. Imagine the presence of mind it took to see what she could do for her mother - to call the doctor, and make breakfast for the family - and to nurse her mother through the long weeks after she suffered a heart attack.

This is what Marlene Hernberg did!

Now, imagine yourself only twelve - with complete charge of a household - you're cooking, cleaning, washing and ironing. You're looking after your father, brother and blind grandmother - and nursing your mother back to health.

It was three months until Marlene's mother was able to resume any of her household responsibilities. During this time Marlene proved to be a most efficient nurse, housekeeper and cook.

With all this overpowering re-

sponsibility you'd think something would be neglected. But Marlene missed only one day of school (the day her mother suffered the heart attack) and maintained her grades just as though nothing were wrong at home.

We join with the editors of Alberta's weekly newspapers in congratulating Marlene Hernberg and her parents on her outstanding performance under adverse conditions. Truly a "Junior Citizen of the Year".

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to the Editor of the Thorsby Western Messenger who nominated Marlene for the award.

FALL APPLIED NITROGEN

Now is the time to apply nitrogen fertilizer to grassland. Late fall and early spring precipitation will carry the fertilizer down to the roots so that it will be available as soon as growth starts early next spring. In straight grassland the amount of nitrogen available for use by plants is at a low level in the fall and stays at this level until after growth starts the following spring. Slow growth and a light green color usually indicate a lack of nitrogen. Plants suffering from a lack of nitrogen during the early stages of growth will not produce as well as those provided with an adequate supply of this fertilizer.

Adequate moisture is necessary for maximum response to fertilizers. Therefore, the greatest response can be expected in the irrigated areas and in the black soil zone. The recommended rate of application for these areas is 40 to 50 pounds of nitrogen per acre and for the dark brown soil zone 20 pounds per acre. Because of the low precipitation in the brown soil zone fertilizers are not recommended.

Legumes such as alfalfa and clover have the ability to take

nitrogen from the air and deposit it in the soil in a form usable by grass. Therefore, hay and pasture lands that have good stands of legumes do not require heavy nitrogen applications. However, they respond well to phosphate fertilizer, which is best applied in the spring.

"I'm going across to the bank for a minute"

Wherever Canadians live and work, a local chartered bank is nearby—a familiar, friendly source of financial services. Banking in Canada has been brought to people as, in few other countries—the proportion of banking centres to population is among the highest in the world.

Every day more customers become aware that a chartered bank can not only guard their savings, cash their cheques and make loans, but help in many

other ways too. They find new banking services being introduced, others being changed, improved or enlarged. For example: personal money orders, life-insured loans, company payroll plans, night depositories, banking by mail, safety deposit boxes—the list could go on and on.

The local branch of the bank is the one place where you'll find complete banking facilities—all under one roof.
